Note: This plugin requires WC Auto-Ship 3.0 or higher (<https://wooship.com>
(<https://wooship.com>))

Installing WC Auto-Ship Product Page Options

1. Upload the plugin files to your WordPress site and activate WC Autoship Product Page Options.
2. In the WordPress dashboard, navigate to WooCommerce > Settings > WC Autoship.
3. On the WC Autoship settings page, scroll down to the section Product Page Autoship Options.
4. Select Radio Buttons or Select Box from the Product Page Autoship Options Layout dropdown.
5. Add or Remove autoship frequencies in the Product Page Autoship Options table.
6. Save your changes.
7. Navigate to a product page to see your custom autoship options.
